Operating Report

For the year ended 31 March 2023

Review of principal activities, the results of these activities and any significant changes in the nature of those activities during the year

The principal activities of Construction Forestry Maritime Mining & Energy Union Construction and General Division New South Wales Divisional Branch during the financial year were:

- Implementation of Divisional Executive Decisions.
- Maintenance of Union Rules, Registrations and Affiliations.
- The negotiation of enterprise bargaining agreements and project agreements to improve wage rates and conditions of employment for members.
- The election and training of workplace Union delegates to strengthen workers' rights.
- The systematic checking of sites by Union organisers to maintain and improve workplace safety.
- The recruitment of members to the Union to increase Union strength.
- The training of Union officials and staff to better equip the Union to effectively represent and organise workers.
- The audit of employers to ensure compliance with agreement, award and statutory obligations.
- Assistance to workers and sub contract companies unpaid when contractors go bust.
- Representation and assistance to injured workers to assist them in respect of workers compensation and return to work.
- Representation and assistance to members unfairly sacked and victimised.
- The variation of awards to enhance the rights and entitlements of workers.
- Involvement in the broader trade union movement to strengthen trade union unity and influence.
- Media and other communications to our members and the broader community on issues affecting the rank and file to improve worker and community understanding of the role and relevance of the CFMMEU and trade unionism.
- International Trade Union Unity.
- Campaigns against unjust and repressive labour laws introduced by the Federal Liberal Government.

There were no significant changes in the nature of the Union's activities occurred during the financial year.

A review of the operations and the results of the Union is performed in the regular meetings of the Committee of Management. The Committee of Management believe that they have furthered the interests of their members throughout the year through the conducting of the Union's principal activities.

The surplus for the Union for the year ended 31 March 2023 was \$6,753,959 (2022: \$3,582,584) and the Committee of Management believe that the activities of the Union have achieved their objectives for the financial year.

Significant changes in financial affairs

There were no significant changes in the financial affairs of the Union during the year.

Right of members to resign

All members of the Union have the right to resign in accordance with Rule 11 of the Union Rules [and section 174 of the Fair Work (Registered Organisations) Act 2009].

ABN: 37 317 397 120

Operating Report

For the year ended 31 March 2023

Officers or members who are superannuation fund trustees or director of a company that is a superannuation fund trustee where being a member or officer of a registered organisation is a criterion for them holding such position

Ms Rita Mallia is a director of United Super Pty Limited which acts as Trustee of CBus.

No other officer or employee of the Union acts:

- i) as a trustee of a superannuation entity or an exempt public sector superannuation scheme; or
- ii) as a director of a company that is a trustee of a superannuation entity or an exempt public sector superannuation scheme.

Number of members

There were 22,318 members of the Union as at 31 March 2023 (2022: 22,615).

Number of employees

As at 31 March 2023 the Union had 35 full-time equivalent employees (2022: 38).

Signed in accordance with a resolution of the Committee of Management:

Darren Greenfield

Secretary

Committee of Management Statement

For the Year Ended 31 March 2023

On 16 June 2023 the Committee of Management of the Construction Forestry Maritime Mining and Energy Union Construction and General Division New South Wales Divisional Branch passed the following resolution in relation to the general purpose financial report for the year ended 31 March 2023:

The Committee of Management declares that in its opinion:

- (a) the financial statements and notes comply with the Australian Accounting Standards;
- (b) the financial statements and notes comply with any other requirements imposed by the Reporting Guidelines or Part 3 of Chapter 8 of the Fair Work (Registered Organisations) Act 2009 (the RO Act);
- (c) the financial statements and notes give a true and fair view of the financial performance, financial position and cash flows of the reporting unit for the year to which they relate;
- (d) there are reasonable grounds to believe that the reporting unit will be able to pay its debts as and when they become due and payable; and
- (e) during the financial year to which the general purpose financial report relates and since the end of that year:
 - (i) meetings of the committee of management were held in accordance with the rules of the organisation including the rules of a branch concerned; and
 - (ii) the financial affairs of the reporting unit have been managed in accordance with the rules of the organisation including the rules of a branch concerned; and
 - (iii) the financial records of the reporting unit have been kept and maintained in accordance with the RO Act; and
 - (iv) where the organisation consists of two or more reporting units, the financial records of the reporting unit, have been kept, as far as practicable, in a manner consistent with each of the reporting units of the organisation; and
 - (v) where information has been sought in any request by a member of the reporting unit or the General Manager duly made under section 272 of the RO Act it has been provided to the member or the General Manager; and
 - (vi) where any order for inspection of financial records has been made by the Fair Work Commission under section 273 of the RO Act, there has been compliance.

This declaration is made in accordance with a resolution of the Committee of Management.

Darren Greenfield
Secretary

Dated: 16 June 2023

Notes to the Financial Statements

For the year ended 31 March 2023

1 Summary of Significant Accounting Policies

(a) Basis of preparation

The financial statements are general purpose financial statements and have been prepared in accordance with Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board (AASB) that apply for the reporting period, and the Fair *Work (Registered Organisation) Act 2009*. For the purpose of preparing the general purpose financial statements, the Union is a not-for-profit entity.

The financial statements, except for cash flow information, have been prepared using the accrual basis of accounting. The financial statements have been prepared on a historical cost basis, except for certain assets and liabilities measured at fair value, as explained in the accounting policies below. Historical cost is generally based on the fair values of the consideration given in exchange for assets. Except where stated, no allowance is made for the effect of changing prices on the results or the financial position. The financial statements are presented in Australian dollars.

(b) Comparative figures

When required by accounting standards, comparative figures have been adjusted to conform to changes in presentation for the current financial year.

(c) Principles of consolidation

Joint arrangements

AASB 11 Joint Arrangements defines a joint arrangement as an arrangement of which two or more parties have joint control and classifies these arrangements as either joint ventures or joint operations.

Construction Forestry Maritime Mining and Energy Union Construction and General Division New South Wales Divisional Branch has determined that it has both joint ventures and joint operations.

Joint ventures

Joint ventures are those joint arrangements which provide the venturer with right to the net assets of the arrangements. Interests in joint ventures are accounted for using the equity method in accordance with AASB 128 Associates and Joint Ventures. Under this method, the investment is initially recognised as cost and the carrying amount is increased or decreased to recognise the investor's share of the profit or loss and other comprehensive income of the investee after the date of acquisition.

If the venturer's share of losses of a joint venture equals or exceeds its interest in the joint venture, the venturer discontinues recognising its share of further losses.

The venturer's share in the joint ventures gains or losses arising from transactions between a venturer and its joint venture are eliminated.

ABN: 37 317 397 120

Notes to the Financial Statements

For the year ended 31 March 2023

1 Summary of Significant Accounting Policies (continued)

(c) Principles of consolidation (continued)

Adjustments are made to the joint ventures accounting policies where they are different from those of the venturer for the purpose of the consolidated financial statements.

Joint operations

In relation to its joint venture operations, where the venturer has the rights to the individual assets and obligations arising from the arrangement, Construction Forestry Maritime Mining and Energy Union Construction and General Division New South Wales Divisional Branch has recognised:

- Its assets, including its share of any assets held jointly;
- Its liabilities, including its share of any liabilities incurred jointly;
- Its revenue from the sale of its share of the output arising from the joint operation;
- Its share of the revenue from the sale of the output by the joint operation;
- Its expenses, including its share of any expenses incurred jointly.

These figures are incorporated into the relevant line item in the primary statements.

Associates

Interests in associates, where the investor has significant influence over the investee, are accounted for using the equity method in accordance with AASB 128 Associates and Joint Ventures. Under this method, the investment is initially recognised as cost and the carrying amount is increased or decreased to recognise the investor's share of the profit or loss and other comprehensive income of the investee after the date of acquisition.

(d) Revenue and other income

The Union enters into various arrangements where it receives consideration from another party. These arrangements include consideration in the form of membership subscriptions, levies and donations.

The timing of recognition of these amounts as either revenue or income depends on the rights and obligations in those arrangements.

ABN: 37 317 397 120

Notes to the Financial Statements

For the year ended 31 March 2023

1 Summary of Significant Accounting Policies (continued)

(d) Revenue and other income (continued)

Revenue from contracts with customers

The core principle of AASB 15 is that revenue is recognised on a basis that reflects the transfer of promised goods or services to customers at an amount that reflects the consideration the Union expects to receive in exchange for those goods or services. Revenue is recognised by applying a five-step model as follows:

- 1. Identify the contract with the customer;
- 2. Identify the performance obligations;
- 3. Determine the transaction price;
- 4. Allocate the transaction price to the performance obligations; and
- 5. Recognise revenue as and when control of the performance obligations is transferred.

Generally the timing of the payment for sale of goods and rendering of services corresponds closely to the timing of satisfaction of the performance obligations, however where there is a difference, it will result in the recognition of a receivable, contract asset or contract liability.

None of the revenue streams of the Union have any significant financing terms as there is less than 12 months between receipt of funds and satisfaction of performance obligations.

Specific revenue streams

Membership subscriptions

For membership subscription arrangements that meet the criteria to be contracts with customers, revenue is recognised when the promised goods or services transfer to the customer as a member of the Union.

There is only one distinct membership service promised in the arrangement. Accordingly, the Union recognises revenue as the membership service is provided, which is typically based on the passage of time over the subscription period to reflect the Union promise to stand ready to provide assistance and support to the member as required.

For member subscriptions paid annually in advance, the Union has elected to apply the practical expedient to not adjust the transaction price for the effects of a significant financing component because the period from when the customer pays and the good or services will transfer to the customer will be one year or less.

When a member subsequently purchases additional goods or services from the Union at their standalone selling price, the Union accounts for those sales as a separate contract with a customer.

ABN: 37 317 397 120

Notes to the Financial Statements

For the year ended 31 March 2023

1 Summary of Significant Accounting Policies (continued)

(d) Revenue and other income (continued)

Levies

Levies paid by a member (or other party) in an arrangement that meets the criteria to be a contract with a customer is recognised as revenue when or as the Union transfers the the goods or services that will transfer as part of its sufficiently specific promise to the other reporting unit.

In circumstances where the criteria for a contract with a customer are not met, the Union will recognise levies as income upon receipt.

Interest revenue

Interest revenue is recognised on an accrual basis using the effective interest rate method.

Volunteer services

During the year the Union did not recognise any volunteer services as revenue because it could not reliabily measure the fair value of these services.

Other income

Other income is recognised on an accrual basis when the Union is entitled to it.

(e) Goods and services tax (GST)

Revenue, expenses and assets are recognised net of the amount of goods and services tax (GST), except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST.

The net amount of GST recoverable from, or payable to, the ATO is included as part of receivables or payables in the balance sheet.

Cash flows in the statement of cash flows are included on a gross basis and the GST component of cash flows arising from investing and financing activities which is recoverable from, or payable to, the taxation authority is classified as operating cash flows.

(f) Income tax

The Union is exempt from income tax under section 50.1 of the *Income Tax Assessment Act 1997* however still has an obligation for Fringe Benefits Tax (FBT) and the Goods and Services Tax (GST).

ABN: 37 317 397 120

Notes to the Financial Statements

For the year ended 31 March 2023

1 Summary of Significant Accounting Policies (continued)

(g) Capitation fees and levies

Capitation fees and levies are recognised on an accrual basis and recorded as an expense in the year to which it relates.

(h) Cash and cash equivalents

Cash is recognised at its nominal amount. Cash and cash equivalents includes cash on hand, deposits held at call with bank, other short-term highly liquid investments with original maturity of three months or less that are readily convertible to known amounts of cash and subject to insignificant risk of changes in value.

(i) Financial instruments

Financial instruments are recognised initially on the date that the Union becomes party to the contractual provisions of the instrument.

On initial recognition, all financial instruments are measured at fair value plus transaction costs (except for instruments measured at fair value through profit or loss where transaction costs are expensed as incurred).

Financial assets

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Classification

On initial recognition, the Union classifies its financial assets into the following categories, those measured at:

- amortised cost; or
- fair value through profit or loss ("FVTPL").

Financial assets are not reclassified subsequent to their initial recognition unless the Union changes its business model for managing financial assets.

Amortised cost

Assets measured at amortised cost are financial assets where:

- the business model is to hold assets to collect contractual cash flows; and
- the contractual terms give rise on specified dates to cash flows are solely payments of principal and interest on the principal amount outstanding.

The Union's financial assets measured at amortised cost comprise trade and other receivables, term deposits and cash and cash equivalents in the balance sheet.

ABN: 37 317 397 120

Notes to the Financial Statements

For the year ended 31 March 2023

1 Summary of Significant Accounting Policies (continued)

(i) Financial instruments (continued)

Financial assets (continued)

Subsequent to initial recognition, these assets are carried at amortised cost using the effective interest rate method less provision for impairment.

Interest income and impairment are recognised in profit or loss. Gain or loss on derecognition is recognised in profit or loss.

Financial assets through profit or loss

All financial assets not classified as measured at amortised cost are measured at FVTPL. Net gains and losses, including any interest or dividend income are recognised in profit or loss.

Contract assets and receivables

A contract asset is recognised when the Union's right to consideration in exchange goods or services that has transferred to the customer when that right is conditioned on the Union's future performance or some other condition.

A receivable is recognised if an amount of consideration that is unconditional is due from the customer (i.e., only the passage of time is required before payment of the consideration is due).

Contract assets and receivables are subject to impairment assessment. Refer to accounting policies on impairment of financial assets below.

Impairment of financial assets

Impairment of financial assets is recognised on an expected credit loss (ECL) basis for financial assets measured at amortised cost.

When determining whether the credit risk of a financial assets has increased significantly since initial recognition and when estimating ECL, the Union considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis based on the Union's historical experience and informed credit assessment and including forward looking information.

The Union uses the presumption that an asset which is more than 30 days past due has seen a significant increase in credit risk.

ABN: 37 317 397 120

Notes to the Financial Statements

For the year ended 31 March 2023

1 Summary of Significant Accounting Policies (continued)

(i) Financial instruments (continued)

Financial assets (continued)

The Union uses the presumption that a financial asset is in default when:

- the other party is unlikely to pay its credit obligations to the Union in full, without recourse to the Union to actions such as realising security (if any is held); or
- the financial assets is more than 6 months past due.

Credit losses are measured as the present value of the difference between the cash flows due to the Union in accordance with the contract and the cash flows expected to be received. This is applied using a probability weighted approach.

Trade and other receivables

Impairment of trade receivables and contract assets have been determined using the simplified approach in AASB 9 which uses an estimation of lifetime expected credit losses. The Union has determined the probability of non-payment of the receivable and contract asset and multiplied this by the amount of the expected loss arising from default.

The amount of the impairment is recorded in a separate allowance account with the loss being recognised in finance expense. Once the receivable is determined to be uncollectable then the gross carrying amount is written off against the associated allowance.

Where the Union renegotiates the terms of trade receivables due from certain customers, the new expected cash flows are discounted at the original effective interest rate and any resulting difference to the carrying value is recognised in profit or loss.

Other financial assets measured at amortised cost

Impairment of other financial assets measured at amortised cost are determined using the expected credit loss model in AASB 9. On initial recognition of the asset, an estimate of the expected credit losses for the next 12 months is recognised. Where the asset has experienced significant increase in credit risk then the lifetime losses are estimated and recognised.

Financial liabilities

The Union measures all financial liabilities initially at fair value less transaction costs, subsequently financial liabilities are measured at amortised cost using the effective interest rate method.

The financial liabilities of the Union comprise trade payables and lease liabilities.

ABN: 37 317 397 120

Notes to the Financial Statements

For the year ended 31 March 2023

1 Summary of Significant Accounting Policies (continued)

(i) Financial instruments (continued)

Contract liabilities

A contract liability is recognised if a payment is received or a payment is due (whichever is earlier) from a customer before the Union transfers the related goods or services. Contract liabilities include deferred income. Contract liabilities are recognised as revenue when the Union performs under the contract (i.e., transfers control of the related goods or services to the customer).

(j) Leases

At inception of a contract, the Union assesses whether a lease exists - i.e. does the contract convey the right to control the use of an identified asset for a period of time in exchange for consideration.

This involves an assessment of whether:

- The contract involves the use of an identified asset this may be explicitly or implicitly identified within the agreement. If the supplier has a substantive substitution right then there is no identified asset.
- The Union has the right to obtain substantially all of the economic benefits from the use of the asset throughout the period of use.
- The Union has the right to direct the use of the asset i.e. decision making rights in relation to changing how and for what purpose the asset is used.

Lessee accounting

The non-lease components included in the lease agreement have been separated and are recognised as an expense as incurred.

(i) Right-of-use asset

At the lease commencement, the Union recognises a right-of-use asset and associated lease liability for the lease term. The lease term includes extension periods where the Union believes it is reasonably certain that the option will be exercised.

The right-of-use asset is measured using the cost model where cost on initial recognition comprises of the lease liability, initial direct costs, prepaid lease payments, estimated cost of removal and restoration less any lease incentives received.

The right-of-use asset is depreciated over the lease term on a straight line basis and assessed for impairment in accordance with the impairment of assets accounting policy.

ABN: 37 317 397 120

Notes to the Financial Statements

For the year ended 31 March 2023

1 Summary of Significant Accounting Policies (continued)

(j) Leases (continued)

(ii) Lease liability

The lease liability is initially measured at the present value of the remaining lease payments at the commencement of the lease. The discount rate is the rate implicit in the lease, however where this cannot be readily determined then the Union's incremental borrowing rate is used.

Subsequent to initial recognition, the lease liability is measured at amortised cost using the effective interest rate method. The lease liability is remeasured whether there is a lease modification, change in estimate of the lease term or index upon which the lease payments are based (e.g. CPI) or a change in the Union's assessment of lease term.

Where the lease liability is remeasured, the right-of-use asset is adjusted to reflect the remeasurement or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

Exceptions to lease accounting

The Union has elected to apply the exceptions to lease accounting for both short-term leases (i.e. leases with a term of less than or equal to 12 months) and leases of low-value assets. The Union recognises the payments associated with these leases as an expense on a straight-line basis over the lease term.

(k) Property, plant and equipment

Each class of property, plant and equipment is carried at cost, where applicable, any accumulated depreciation and impairment of losses.

Under cost model, the asset is carried at its cost less any accumulated depreciation and any impairment losses. Costs include purchase price, other directly attributable costs and the initial estimate of the costs of dismantling and restoring the asset, where applicable.

Depreciation

Property, plant and equipment, excluding freehold land, is depreciated on a straight-line basis over the assets useful life to the Union, commencing when the asset is ready for use.

Leased assets and leasehold improvements are amortised over the shorter of either the unexpired period of the lease or their estimated useful life.

ABN: 37 317 397 120

Notes to the Financial Statements

For the year ended 31 March 2023

1 Summary of Significant Accounting Policies (continued)

(k) Property, plant and equipment (continued)

The depreciation rates used for each class of depreciable asset are shown below:

Fixed asset class

Purniture, Fixtures and Fittings

Depreciation rate
9 - 20%

Motor Vehicles 20%

At the end of each reporting period, the depreciation method, useful life and residual value of each asset is reviewed. Any revisions are accounted for prospectively as a change in estimate.

(I) Employee benefits

(i) Defined contribution schemes

Obligations for contributions to defined contribution superannuation plans are recognised as an employee benefit expense in profit or loss in the periods in which services are provided by employees.

(ii) Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits and accumulating sick leave that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

(iii) Other long-term employee benefit obligations

The liabilities for long service leave and annual leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period. Consideration is given to expected future wage and salary levels, experience of employee departures and periods of service. Expected future payments are discounted using market yields at the end of the reporting period of high-quality corporate bonds with terms and currencies that match, as closely as possible, the estimated future cash outflows. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

ABN: 37 317 397 120

Notes to the Financial Statements

For the year ended 31 March 2023

1 Summary of Significant Accounting Policies (continued)

(m) Going concern

The Union has agreed to provide financial support the Construction Forestry Mining and Energy Union (New South Wales Branch) Construction and General Division ("the State Registered Union") to ensure it can continue on a going concern basis.

The agreed financial support is to continue indefinitely. This is under an interest free arrangement with repayments, if any, to be made as required. As at balance date, there were no amounts payable to and \$88,947 owing from the State registered Union [2022: receivable of \$63,048 - refer note 6(c)]. During the year ended 31 March 2023, no payments in relation to financial support were made to the State Registered Union. The agreement is also reciprocated by the State Registered Union, if required, however the Union is currently not reliant on this financial support to continue on a going concern basis.

(n) Related party disclosures

Related party disclosures in this financial report are presented on an accruals basis. Whilst the financial records of the Union have been kept, as far as practicable, in a manner consistent with each of the other reporting units of the organisation, the balances and transactions reported in this financial report may differ to those recorded in the financial report of the counterparty reporting unit. This may arise due to timing differences in the respective recordkeeping of the related reporting units, for example, in the receipt of payments, correspondence in transit or the alternative categorisation of balances/transactions.

From time-to-time, the National Office of the Construction & General Division of the CFMMEU ("the National Office") coordinates various administrative activities on behalf of the Union. This includes the collation of certain costs, which are apportioned to the appropriate branches and invoiced in full. Accordingly, with the National Office merely being the facilitator of such transactions between the Union and independent third parties (and there is no profit component in recharging these costs), these are not considered to be related party expenditures of the Union and hence are not required to be disclosed.

Notwithstanding this, the transfer of funds to meet these obligations remain related party transactions, and accordingly have been disclosed in the related party cash flows reported at note 20. Additionally, any amounts outstanding as at balance date between related parties have been disclosed at notes 6 or 10.

(o) Adoption of new and revised accounting standards

The Union has adopted all standards which became effective for the first time during the year ended 31 March 2023. None of the new standards had a material impact on the reported financial position of performance.

(p) New accounting standards and Interpretations not yet adopted

Certain new accounting standards have been published that are not mandatory for 31 March 2023 reporting periods and have not been early adopted by the Union. These standards are not expected to have a material impact on the Union in the current or future reporting periods and on foreseeable future transactions.

ABN: 37 317 397 120

Notes to the Financial Statements

For the year ended 31 March 2023

2 Critical Accounting Estimates and Judgments

Those charged with governance make estimates and judgements during the preparation of these financial statements regarding assumptions about current and future events affecting transactions and balances.

These estimates and judgements are based on the best information available at the time of preparing the financial statements, however as additional information is known then the actual results may differ from the estimates.

The significant estimates and judgements made have been described below.

Key estimates - impairment of property, plant and equipment

The Union assesses impairment at the end of each reporting period by evaluating conditions specific to the Union that may be indicative of impairment triggers.

Key estimates - useful lives of depreciable assets

Management reviews its estimate of the useful lives of depreciable assets at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technical obsolescence that may change the utility of certain property, plant and equipment.

Key estimates - employee entitlements

As described in the accounting policies, provisions are measured at management's best estimate of the expenditure required to settle the obligation at the end of the reporting period. These estimates are made taking into account a range of possible outcomes and will vary as further information is obtained.

Key estimates - receivables

The receivables at reporting date have been reviewed to determine whether there is any objective evidence that any of the receivables are impaired. An impairment provision is included for any receivable where the entire balance is not considered collectible. The impairment provision is based on the best information at the reporting date.

(a) Impairment of receivables

The Union applies the simplified approach to providing for expected credit losses prescribed by AASB 9, which permits the use of the lifetime expected loss provision for all trade receivables. To measure the expected credit losses, trade receivables have been grouped based on shared credit risk characteristics and the days past due. The loss allowance provision is determined as follows, with the expected credit losses incorporating forward looking information:

31 March 2023	Current	> 30 days overdue	> 90 days overdue	Total
Expected loss rate (%)	5.0	45.6	<u>=</u>

8 Leases

Union as a lessee

Information relating to the leases in place and associated balances and transactions are provided below.

Terms and conditions of leases

The Union has several leases over buildings which are on a month-to-month basis and therefore have been classified as short tem leases. There is also a further lease which has a term of 3 years with an option to renew for a further 3 years. The option period has not been included in the calculation of the lease liability, and if exercised will not have a material impact on the future cash outflows of the Union.

Refer to note 1(n) to further commentary in relation to the consistency of transactions and balances between reporting units.

(b) Unsatisfied performance obligations

The transaction price allocated to the remaining performance obligations (unsatisfied or partially unsatisfied) as at 31 March 2023 is \$2,456,467 (2022: \$2,187,391). Consistent with the prior year, the Union expects that all of the transaction price allocated to remaining performance obligations is expected to be recognised as revenue within one year. These performance obligations primarily relate to member subscription contracts and unearned income. All unearned income disclosed as a liability as at 31 March 2022 was recognised as revenue during the year ended 31 March 2023.

For the year ended 31 March 2023

12 Financial risk management

The main risks Construction Forestry Maritime Mining and Energy Union Construction and General Division New South Wales Divisional Branch is exposed to through its financial instruments are credit risk, liquidity risk and market risk consisting equity price risk.

The Union's financial instruments consist mainly of deposits with banks, short-term investments, accounts receivable and payable.

The totals for each category of financial instruments, measured in accordance with AASB 9 as detailed in the accounting policies to these financial statements, are as follows:

		2023	2022
	Note	\$	\$
Financial Assets			
Cash and cash equivalents	5	8,014,985	8,320,347
Trade and other receivables	6	494,798	414,151
Financial assets at FVTPL	7	7,914	7,914
Financial assets at amortised cost	7	22,435,398	15,520,509
Total financial assets		30,953,095	24,262,921
Financial Liabilities

Notes to the Financial Statements

For the year ended 31 March 2023

12 Financial risk management (continued)

(i) Other price risk

The Union is not exposed to a material level of interest rate risk.

The Union is not exposed to a material level of equity securities price risk. This risk arises from listed investments held by the Union and classified as fair value through profit or loss in the balance sheet.

The Union is not exposed to commodity price risk.

(ii) Credit risk

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in a financial loss to the Union.

Credit risk arises from cash and cash equivalents and deposits with banks and financial institutions, as well as credit exposure to wholesale and retail customers, including outstanding receivables and committed transactions.

The Union has adopted a policy of only dealing with creditworthy counterparties as a means of mitigating the risk of financial loss from defaults.

Trade receivables consist of a large number of customers, spread across diverse geographical areas. Ongoing credit evaluation is performed on the financial condition of accounts receivable.

Management considers that all the financial assets that are not impaired for each of the reporting dates under review are of good credit quality, including those that are past due.

The credit risk for liquid funds and other short-term financial assets is considered negligible, since the counterparties are reputable banks with high quality external credit ratings.

ABN: 37 317 397 120

14 Auditor's remuneration

Remuneration of the auditor of the Union, Daley Audit, for:

- financial statement audit services	33,700	31,100
- tax services and accounting*	4,190	4,190
	37,890	35,290

^{*}Other assistance includes specific accounting advice and taxation services provided within the scope of independence requirements, and taxation assistance/financial statement preparation assistance performed by a team independent of the audit.

ABN: 37 317 397 120

Notes to the Financial Statements

For the year ended 31 March 2023

15 Interests in Associates

Aggregate information for associates that are not individually material

Construction Forestry Maritime Mining and Energy Union Construction and General Division New South Wales Divisional Branch has interests in one associate, being UPlus, which is not considered individually material. The table

below summarises the financial information.	2023 \$	2022 \$
Carrying amount of investments in associates that are not individually material	*	
Distributions from operations Distribution from joint venture	963,007	931,549

16 Interests in Joint Ventures

The Union was a joint venture partner in the Comet Training Trust, which was deregistered on 20 August 2021. The final distribution was raised as a receivable as at 31 March 2020. There were no transactions with this Trust in the current or comparative financial year.

17 Fair Value Measurement

The Union measures Financial assets - Listed Shares at fair value on a recurring basis:

Fair value hierarchy

Level 2

AASB 13 Fair Value Measurement requires all assets and liabilities measured at fair value to be assigned to a level in the fair value hierarchy as follows:

Unadjusted quoted prices in active markets for identical assets or liabilities that the entity can Level 1 access at the measurement date.

> Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Unobservable inputs for the asset or liability. Level 3

ABN: 37 317 397 120

Notes to the Financial Statements

For the year ended 31 March 2023

Unlisted shares	5	-	ä	-

18 Contingencies

Contingent liabilities

Legal proceedings for contraventions and offences under the Fair Work Act 2009 ("FW Act"), Building and Construction Industry (Improving Productivity) Act 2016 ("BCIIP Act") and related matters have been laid against current and former officers and employees of the Union, including:

- appeal proceedings filed by the ABCC, and carried on by the FWO, have been remitted to the Federal Court for redetermination of penalty in respect of liability found against an official for a contravention of the FW Act;
- 2. appeal proceedings were brought by the Union against penalties imposed under the BCIIP Act on officials of the Union;
- 3. proceedings have been brought against officials for alleged offences under s.536D of the FW Act and one offence under the Oaths Act 1900 arising out of the same set of allegations;
- 4. separate proceedings have been brought against current and former Union officials for alleged contraventions of right of entry and coercion provisions of the FW Act.

There is also a cross-appeal in the Federal Court brought against the Union, but not against individual officials or employees, in which two former union organisers are claiming compensation and civil penalties against the Union for alleged breaches of an enterprise agreement and the FW Act.

ABN: 37 317 397 120

Notes to the Financial Statements

For the year ended 31 March 2023

18 Contingencies (continued)

In respect of each of the above matters, where proceedings have concluded, any penalties (and related legal costs) have been appropriately accounted for as expenses of the Union, as at the balance date. However, for matters not completed or under appeal, it cannot at this stage be measured reliably what legal costs, penalties or recoveries will ultimately be incurred to settle or defend these matters, and further disclosure would seriously prejudice outcomes and be highly speculative. It is therefore inappropriate for the Union to make further comment whilst these matters are yet to be finalised by the Courts.

Where legal proceedings have been instituted against Union officials and employees arising from their employment and the offices they hold in the Union, the Union has agreed to indemnify the reasonable legal expenses of those officers and employees in defending the allegations against them, subject to any court order limiting the indemnity. The Union considers it necessary to meet this expenditure to protect employees and democratically elected officials performing their duties for the Union, in order that the Union can continue to carry out its objects in the interests of its members. Consistent with legal advice provided to the Union, these indemnities are in compliance with legislation, the Union's Rules, and Fair Work Commission compliance guidelines.

19 Related party transactions

Related Parties

(a) Key management personnel

Any person(s) having authority and responsibility for planning, directing and controlling the activities of the entity, directly or indirectly, including any director (whether executive or otherwise) of that entity is considered key management personnel.

Notes to the Financial Statements

For the year ended 31 March 2023

21 Events after the end of the Reporting Period

The financial report was authorised for issue on 16 June 2023 by the Committee of Management.

Subsequent to balance date the Branch have entered into an agreement with the CFMMEU C&G National Office, committing capital expenditure of \$6,063,132 over the next 5 years. The Capital expenditure is for the AS400 Modernisation Project which is due to commence in July 2023 and will take 3-5 years to complete. The project is a complete redevelopment of the membership data based system. Branches from all states will also be contributing to this project.

Apart from the above, there has not been any matter or circumstance occurring subsequent to the end of the financial year that has significantly affected, or may significantly affect, the operations of the Union, the results of those operations, or the state of affairs of the Union in subsequent financial periods.

22 Revenue from recovery of wages activity

During the year, the Union recovered entitlements due and payable to workers under awards, industrial instruments as prescribed in the Fair Work Act 2009 and contracts of employment. All entitlements recovered, net of outstanding membership fees, are returned to employees (or their nominated superannuation fund or redundancy trust), with any undistributed monies remaining outstanding as at balance date being recorded as a liability at Note 10.

Accordingly, the Union is acting as a conduit for the members and hence it is not appropriate to record any amounts as revenue.

23 Section 272 Fair Work (Registered Organisations) Act 2009

In accordance with the requirements of the Fair Work (Registered Organisations) Act 2009, the attention of the members is drawn to the provisions of Sub-sections (1) to (3) of Section 272, which reads as follows:-

Information to be provided to members or the General Manager:

- A member of a reporting unit, or the General Manager, may apply to the reporting unit for specified prescribed information in relation to the reporting unit to be made available to the person making the application.
- 2. The application must be in writing and must specify the period within which, and the manner in which, the information is to be made available. The period must not be less than 14 days after the application is given to the reporting unit.
- 3. A reporting unit must comply with an application made under subsection (1).

ABN: 37 317 397 120

Officer Declaration Statement

For the year ended 31 March 2023

l, Darren Greenfield, being the Secretary of the Construction Forestry Maritime Mining and Energy Union Construction and General Division New South Wales Divisional Branch, declare that the following activities did not occur during the reporting period ending 31 March 2023.

The reporting unit did not:

Independent Audit Report

to the members of the Construction Forestry Maritime Mining and Energy Union Construction and General Division New South Wales Divisional Branch

Report on the Audit of the Financial Report

Opinion

We have audited the financial report of the Construction Forestry Maritime Mining and Energy Union Construction and General Division New South Wales Divisional Branch (the "Union"), which comprises the balance sheet as at 31 March 2023, the statement of profit or loss and other comprehensive income, the statement of changes in equity and the statement of cash flows for the year ended 31 March 2023, notes to the financial statements, including a summary of significant accounting policies, the committee of management statement, the report required under subsection 255(2A) and the officer declaration statement.

In our opinion, the accompanying financial presents fairly, in all material aspects, the financial position of the Union as at 31 March 2023, and its financial performance and its cash flows for the year ended on that date in accordance with:

- (i) the Australian Accounting Standards; and
- (ii) any other requirements imposed by the Reporting Guidelines or Part 3 of Chapter 8 of the Fair Work (Registered Organisations) Act 2009 (the RO Act).

We declare that management's use of the going concern basis in the preparation of the financial statements of the Union is appropriate.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Union in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independent Audit Report

to the members of the Construction Forestry Maritime Mining and Energy Union Construction and General Division New South Wales Divisional Branch

Information Other than the Financial Report and Auditors Report Thereon

The Committee of Management is responsible for the other information. The other information obtained at the date of this auditor's report is included in the Operating Report accompanying the financial report.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Committee of Management for the Financial Report

The Committee of Management of the Union is responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the RO Act, and for such internal control as the Committee of Management determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the Committee of Management is responsible for assessing the Union's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Committee of Management either intend to liquidate the Union or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

Our objective is to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report.

Independent Audit Report

to the members of the Construction Forestry Maritime Mining and Energy Union Construction and General Division New South Wales Divisional Branch

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are
 appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the
 Union's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Committee of Management.
- Conclude on the appropriateness of the Committee of Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Union's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Union to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and
 whether the financial report represents the underlying transactions and events in a manner that achieves fair
 presentation.

We communicate with the Committee of Management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

I declare that I am an auditor registered under the RO Act.
